December 9, 2009

Mr. John Bulman  
Chairman, Community Preservation Committee

At the December 3, 2009 meeting the Planning Board reviewed the Bjorklund and Wheelwright proposals. The Board voted unanimously in favor of these proposals.

These pieces of property are a logical addition to lands already preserved and represent an excellent investment in Scituate's future. These purchases are consistent with the Master Plan and consistent with the Town's ongoing vision of preserving open space. We felt that the Wheelwright property was being offered at an excellent price.

Please note that we did not address the Mirachi property as we felt the application was incomplete. We will review when it is finalized by the applicant.

Questions regarding this recommendation may be addressed to William Limbacher or to me.

Donna Chisholm  
Chairman, Planning Board
